

THE MUCH HYPED GUJARAT MODEL

30th dec 2017

Gujarat Model!

Ex. ViRu 2017 Cabinet Team..

- Where are the women in the Office except one Ben? What happens to Beti Bachao Beti Padhao? So Bachao and Padhao Only to marry them to Rich Corporates, Foreigners and Ministers. Else remain Housewife, Unemployed and Struggle to Prove Worth in the Male Dominating Society.
- Where are the Minorities in the again except a handful. What happened to 'Sabka Haath Sabka Vikas'. So Sab has to continue serving the handful Rich Corporates, Foreigners and Ministers.
- Where are the Young Leaders in the team? Only One Minister Below 40 and even below 50? Why dont people above 60 simply enjoy retirement and do social service without the hunger of power and politics?
- And where is the Qualification of the Ministers to be eligible to be in the Office. People with as Low as No and Low education upto Five Standard are in the Office to decide What we the educated, stupid, unemployed must do and how should we do. I think if the education qualification of half the Ministers if added may be Equaling Mine (No Arrogance but Fact), A Beti who is trying to set her Feet in the State for the last Two Decades. Interestingly, the Only Woman in the Team is the Most Educated.

This is How Men DO Things in the State. And Then they Educate their Daughters and Send them to the Same Men Types for the Rest of the Life. The Institutes of Architecture and Planning are the Classic Places of the Elites Daughters.

Gujarat Election Result Theses:

- the EVMs were tampered. talk of the time and a concern for other state elections and 201 lok sabha.
- BJP won but not really and Congress lost but not really (Darshan Desai)
- BJP put left-right-center pressures in the fear of the loss and vice versa Congress did the same in the hope of the win.
- the rationale citizen of the urban areas voted BJP since they feared Further slowdown of economy if BJP loses. interestingly, they do accept that the economy is not in good shape in the gujarat model.
- the rise of four youth leaders gave the reality check to the ageing ruling party PM and President.
- Still the urban youth seems to have supportd the sailing of BJP to just over half majority.
- urban voters voting share is less to really say that BJP won by head count. Puts a big Q on the vote counting system.
- the other parties like AAP, BSP, NCP should have supported Congress to defeat BJP. Hmmn....But Why?
- the saffronised Election Commission and the Personnel stationed at the polling booth did the trick.
- the problem children, Mandir, Masjid, Mussalman, Manishankar and Manmohan, did the trick...Interestingly, they were brushed aside and soon after the result, the pet children, Vikas and Vishwas, were found brought back. Even the need for a child named 'Vipaksh' for good governance (??) was expressed ...Poor 'Vikalp' was anyway wandering during the election campaign...

Gujarat Election Campaign was an all time Low in the Indian Politics and the Low was Led by none other than the Honorable PM.

A particular media campaign is totally unacceptable...

My take on that Campaign in this open letter to the PM.

Gujarat Election: Mandir, Masjid, Manmohan, Manishankar are Brushed aside immediately after the results and Vikas (Development) and Vishwas (Trust) are brought Back...

Being a bit Feminist, I'm waiting for Pragati (Growth) to be also Included ...hahaha!

Gujarat Election!

And I COULDN'T vote this time.

I went with my election card to the booth, but my name was not in the list. So I went to check another booth just in case. And I find I'm not the only One in this situation. The booth officials were clueless, what to do...And I had no choice, not even 'Screaming' at the situation looking at the Heavy Gunmen and Political Muscles going IN and OUT.

What an embarrassing situation this is in the Digital Gujarat (Bullet Train, RO-RO, Sea Plane)

Model.....
RIP Election Commission!

12th dec 2017

Most Unacceptable Ad Campaign Ever (in TOI-Ahmedabad 12/12/2017, Page 3)!
Personal Pejorative by the PM!
Erroneous, Embarrassing, Erratic, Empathizing!
Following Politics since 1987.
Never been so Shocked, Saddened and Sickened by it!

Gujarat Elections getting murkier!
Development Show Off!
I thought the Bullet Train, the Ro-Ro Ferry Service and the Sardar Patel, Statue were leading the
Development.
But now, this Sea Plane...Wow!
Gujarat Model.."Heil, my Führer!"
Is this Election some kind of Joke going around?

11th dec 2017

All Time LOW in Gujarat Elections!
And still Two more Days to Go!
The Language, The Lies, The Liabilities of the Posts and Partiesall at Stake.....and C'mon the
Pakistan Button is way too stretched! Anyway, I keep wondering why do we have to portray Pakistan
as Enemy if not a Friend. Why Pakistan in Guajrat Election?
Winning/Losing Desperation Evident!

Gujarat Elections getting Murkier!
If I expect the PM of my country to maintain Dignity of the Chair in his speech no matter who says
what (it is indeed unacceptable to not respect the Person on the Chair or any person), I believe my
expectation is not a Big Ask or a Mistake.
In any case, I'm still questioning whether a PM should hold election rallies in first place before even
questioning his speech quality!
Gujarat Election Model is a New Low in Indian Politics!

Gujarat Election Getting Murkier:
I've been thinking the same that why the ruling party for 22 years and the PM need to criticize Cong

and RaGa in Gujarat Election and why aren't they focusing on their achievements. Somewhere the incumbency is playing at the back of the scene.

Gujarat Elections cannot be Murkier than this time!

Wondering, Should a PM campaign leaving his everyday responsibility? Should a PM maintain a Dignity of the Post in Campaign Speeches? Is Winter Session lesser important than this election? Are there more SOPs coming to Gujarat? Should it be a Concern whether RaGa is a Muslim or what? Is RaGa the Only choice for Congress Presidency and thereby proving that the party needs a Gandhi to survive? What does Hardik Patel make out of his Campaign? Is it little late for Mewani to get into the business? Has Aam Admi Party managed to percolate into the Masses? Will Demonetisation and GST show their impact?...and so on...Interesting!

Gujarat Development Model-

Strong Economic but Weak Social-Ecological Indicators...

Major among them is The Asymmetric Distribution of Access to Resources!..

Interesting Q asked: Is it really a Modi-Model or Things continue as they were Before him?
