

# Anasagar and Ajmer

Smart Solutions for Anasagar crucial  
for Smart Ajmer.

↑ → A atypical Hydrological and Governance  
conditions. Yet, Typical Governing Approach

Paper. 2015. Analysing Anasagar Lake System from a  
Social-ecological system approach .  
Submitted to Research Fellowship from Research  
Institute for Humanity and Nature, Kyoto, Japan.

Recently Conducted Workshop where we have pledged  
to develop a knowledge bank and set up a United Ajmer  
Group to work towards the health of Anasagar

Department of Environmental Science,  
MDSU, Ajmer
