This HOLI, I decide (with deep heart) to give away a COLOR that is close to my heart.. The ORANGE... I decide to do so in the advent of the political state of the country that is focused on SAFFRONISATION.. .. I have a good orange collection that includes 🖌️🖌️s, 🕯️🕯️s, 👗👗 s, salwar-kurta, saree, lingerie, 🍴🍴, bangles, wristband, towel, Puja stuff, stole, 🧕, candle stands, jewelry box, bed sheet, pillow covers,... Even soap, dishes... etc... I'm even thinking to give away eating orange and pumpkin...You may please claim the things I've, should you have the urge to prove your NATIONALISM...

What absurd rule is this?

Sooner the Children and Youth learn the Mistakes of their Seniors, I believe, Better We are in Controlling Population in Future. Anyway, much cannot be expected from The Ministry and The Minister...!

This Government has Lost its Mind!
